Hi Christine and Tran,

Need your advise on messaging. Aside from announcing the work we've done at the neighborhood council meeting, this Monday, May 6th, should we send an email out? Our office is not mentioned once in the thread below.

Wow, is this for real? Could it be that the homeless are gone for good? I'm still holding my breath.

Thanks to all!

For the first time in years, there are no tents, no rv's and no one behind the fences on the freeway sides. There is still some trash but I intend to take trash bags and gloves and tidy up the rest of the mess.

I am grateful and want to say a big thank you to those that were able to get this freeway underpass cleaned up and to assist in the relocate of the homeless camps. For the first time in a long time, I was able to walk my dog under the freeway without being in fear of my life and my dog's life.

It took a village to clean up this mess and our neighborhood is looking relatively nice now. The street lights at the intersection of Haskell and Plummer are working again as well. Thank you to CD 12 for facilitating the repair and making the crosswalks safer at night.

Gratefully,

Tina Purwin
